RE: Dryer Vent Soffit Cap Installation

We would like to notify owners that on April 28th, 29th, and 30th, Pane'N The Glass will be on property installing the dryer vent soffit caps on various buildings. They will be doing the installation from the exterior of the building, so you will not have to be home for this installation. We wanted to make all owners aware of their presence.

We appreciate your cooperation during the installation. Thank you.
